**Capricorn Flowers:**  
January is lucky to have two special flowers; the carnation and delicate snowdrop are the perfect duo of birth flowers for the month of January. But, although they share a birth month, that's about all these beautiful plants have in common!

Those born in January are lucky to have the beautiful and diverse garnet as their birthstone. Garnets are commonly red but also come in an extraordinary range of beautiful colors, including orange, yellow, purple and vibrant green. There are even garnets that change color from blue to purple in different lighting.
