### FUN FACTS FOR THE MONTH OF APRIL

- Did you ever wonder how April Fool's Day started? . It is speculated that the custom of April Fools began in France during the 16th century, after the New year calendar was moved from April 1<sup>st</sup> to January 1<sup>st</sup>. Those who continued to celebrate the April new year were considered fools, and often the victims of practical jokes. Today we just like to have a little fun with our friends!
- April has two birth flowers. .. The daisy and the sweet pea are considered birth flowers for the month of April. The sweet pea signifies blissful pleasure, while daisies represent childhood innocence, loyalty, and purity.
- The month celebrates the birth of Queen Elizabeth II, Leonardo da Vinci, William Shakespeare and Thomas Jefferson.
- The first shots of the American Revolution started April 19, 1775.
- Some “just for fun” April celebrations include: National Pillow Fight Day (6th), National Library Worker Day (9th), national siblings day (10th) and World Penguin Day (25th).
