Those born in January are lucky to have the beautiful and diverse garnet as their birthstone. Garnets are commonly red but also come in an extraordinary range of beautiful colors, including orange, yellow, purple and vibrant green. There are even garnets that change color from blue to purple in different lighting. Some believe the true value of the garnet birthstone is its power to bring the wearer good health, wealth and happiness.

January has two flowers! Carnations and Snowdrops. **Carnations** are known for their ruffled petals and sweet fragrance. They come in many colors, including white, pink, red, purple, and green. Carnations are hardy flowers that can survive in adverse conditions. They symbolize love, distinction, loyalty, and fascination.

Snowdrops are white and have delicate, bell-shaped blooms. They are a welcome sight in late January and early February, even in snowy places. Snowdrops symbolize hope, innocence, and purity.
