February Flowers of the Month

Violets

These flowers are known for their heart-shaped petals and come in many shades, including deep purple and blue. Violets symbolize faithfulness, humility, and wisdom. The ancient Greeks used violets for medicinal purposes and to sweeten wine.

Irises

These flowers are known for their vibrant colors and unique shape. The three upright petals of an iris bloom can represent courage, faith, wisdom, friendship, hope, and compliments. Irises symbolize eloquence, faith, wisdom, and hope.

February Horoscopes

The zodiac signs of February are Aquarius (until February 18) and Pisces (February 19 onward).

Aquarius

Aquarians are highly intellectual and creative, but don't like to be told what to do! While they can be social, they are not likely to participate in social interactions unless they truly want to. Aquarians are ideas people, never suffering a drought of inspiration.

Pices

Pisces traits include being compassionate, romantic, artistic, intensely empathic, and sensitive. They're the obvious creatives of the zodiac; when they channel their emotions into their favorite art form, they feel more centered and enlightened.
